

## **Stuck on School Spirit**

### **NYSCLSA 2025**

This year during registration and mixers, we encourage conference attendees to meet as many people as possible. To do so, we will be trading school stickers! Please have each delegate bring stickers representing their school/mascot to trade on Day 1 of the conference.

#### **How do we make them?**

Easy! Buy cheap sticker printer paper (Amazon sells 40 sheets 8.5x11 for \$6), come up with a design, print, cut, and get ready to meet a ton of new students!

#### **How big should they be?**

To maximize the sticker paper, we suggest no larger than 2 inches x 2 inches.

#### **Where should we put them when we trade?**

On your shirt, bag, water bottle, phone, folders, etc! Just please be courteous to our host and do not stick them on any objects in the convention center.
